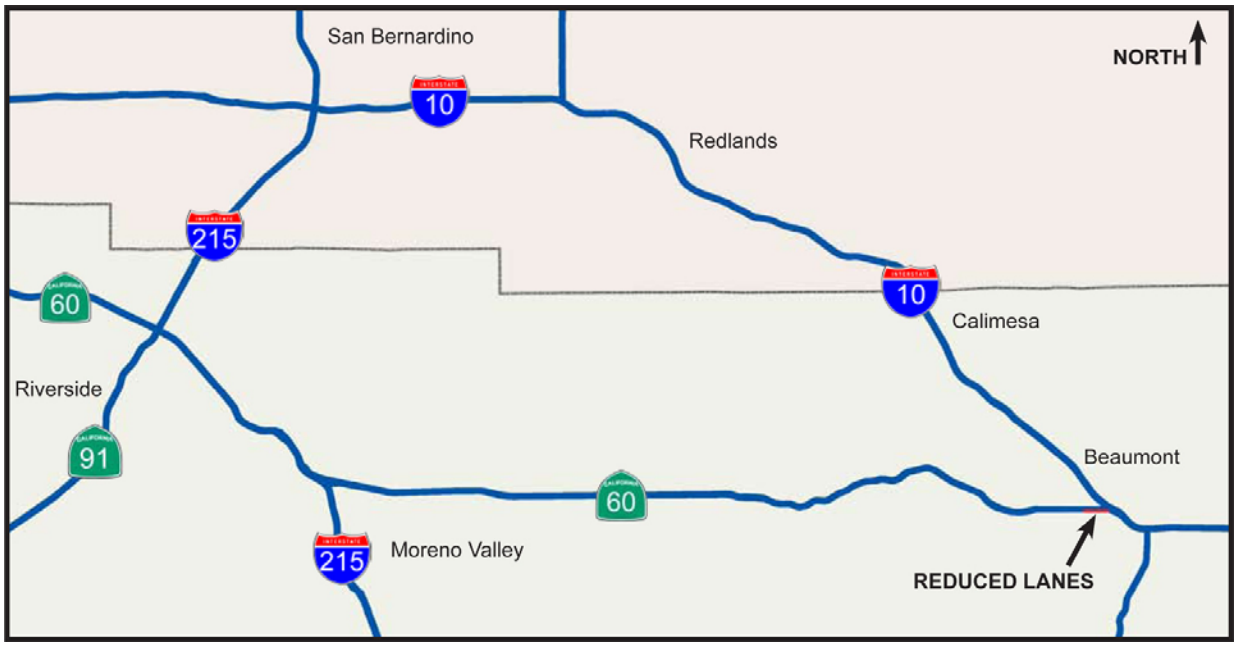
State Route 60 to Eastbound I-10 Connector
A Travel Reminder

Riverside County – If you're planning to travel on eastbound State Route 60, Caltrans wants to remind you that we're working to improve the pavement on Interstate 10 (I-10) between Calimesa and Beaumont. As part of this project, the eastbound SR-60 to eastbound I-10 connector is down to one lane. The 6th Street off-ramp from eastbound SR-60 to Beaumont is also closed Monday morning through noon on Fridays. Traffic in this area of eastbound SR-60 can become congested, especially during commute hours and on weekends. Caltrans recommends using alternate routes for travel east of Calimesa. Please see the area map below to plan your trip.



Construction is expected to last until early 2011. Please follow signs for detours and **SLOW FOR THE CONE ZONE**. For regular updates on ramp and lane closures for this project, visit our Web site at **www.caltrans8.info** and click on "News and Document Center." While there, sign up to receive the updates automatically in your email.
