INTERSTATE 215 SOUTH WIDENING PROJECT

CONSTRUCTION ALERT

Alert #18
Date: August 10, 2011

MURRIETA – The Riverside County Transportation Commission, the California Department of Transportation and the City of Murrieta are working to widen Interstate 215 between Murrieta Hot Springs Road and Scott Road.

Construction activity will include grinding and paving of the freeway lanes and shoulder lane striping. Daytime bridge work at the Keller Road Undercrossing is ongoing and will require intermittent lane closures. A flagging operation will be in place to direct motorists through the area.

Closures are planned as follows:

Closure Activity	Closure Location	Date and Time
Lane Closures	Southbound I-215 between Scott Road and Murrieta Hot Springs Road	**Tuesday, August 16 and Thursday, August 18** Intermittent freeway lane closures will be required each night from 9 pm to 5 am the following morning. **Saturday, August 20** Intermittent freeway lane closures will be required from 10 pm to 7 am the following morning. No detours will be required during these closures since at least one lane will remain open.
Lane Closures	Northbound I-215 between Murrieta Hot Springs Road and Scott Road	**Monday, August 15 thru Thursday, August 18** Intermittent freeway lane closures will be required each night from 10 pm to 6 am the following morning. **Friday, August 19** Intermittent freeway lane closures will be required from 11 pm to 7 am the following morning. **Saturday, August 20** Intermittent freeway lane closures will be required from 11 pm to 8 am the following morning. No detours will be required during these closures since at least one lane will remain open.
*NOTE: Information contained in this construction alert is subject to change without notice, based on weather, field conditions or other operational factors. We regret any inconvenience these changes may create. For more information about construction activity, please call and leave a message on the project information line at **1-855-44-215-INFO**. Calls will be returned by the next business day.*		

The project will add one lane in each direction to Interstate 215, creating three northbound lanes and three southbound lanes within this six-mile section of freeway. When completed, the project will reduce traffic congestion and delays, improve connections between Riverside and San Diego Counties, enhance goods movement and decrease air pollution from cars that now sit idle on the freeway. Construction is expected to last about 16 months. Throughout construction, remember to **Slow for the Cone Zone!**
