“Cone Zone” tip for the week:

Did you know that annually the CHP issues citations to more than 2,200 work zone speeders. Caltrans must purchase 120,000 new cones each year to replace cones destroyed in work zones, at an annual cost to taxpayers of \$1.87 million.

The dangers associated with speeding in a California work zone have caused fines to increase up to \$1,000 or more.

PLEASE SLOW FOR THE CONE ZONE!
