NEW ADMINISTRATION BUILDING AT THE DESERT HILLS TRUCK INSPECTION FACILITY

NEAR BANNING – A new administration building, septic tank, and leach field at the Desert Hills Truck Inspection Facility is scheduled to begin construction on February 11. The existing building, a trailer office, is not compliant with current building codes. The new building will replace the trailer and will accommodate increased personnel to inspect trucks and improve worker safety and efficiency.

The almost \$2.2 million dollar project was awarded to Hal Hays Construction of Riverside on November 19, 2012. The project working schedule will be Monday through Friday from 7:00 AM through 3:30 PM and the work is expected to be completed by early 2014. All the work will be performed in the Department of Transportation (Caltrans) Right of Way and there should be little effect on traffic in the project area.

For more information on this and other Caltrans projects, visit our Web site at www.caltrans8.info and click on “News and Document Center.” Sign up to receive Commuter Alerts automatically in your email while there. Use <http://quickmap> or www.twitter.com/caltrans8 on your computer or smart phone for traffic incidents and information.
