FOR IMMEDIATE RELEASE

RELEASE # 15-

For more information please contact: Alex Qishta, Project Engineer

SR62 and Dumosa Avenue Traffic Signal Light Project

The Yucca Valley Town Council recently awarded a construction contract for the construction of a traffic signal at the intersection of SR62 and Dumosa Avenue. The project also includes raised median construction on Dumosa Avenue south of SR62, as well as modifications to the existing turn pockets for east and west bound traffic on SR 62.

The project is scheduled to begin on February 17, 2015 and be completed by completed by approximately mid-May. There will be a complete closure of Dumosa Avenue for approximately 10 working days. The Town of Yucca Valley and the contractor are working to minimize traffic delays and access difficulties to the greatest extent feasible during the construction project, but encourage the use of alternative routes to avoid the construction project.

As with any project, changes in schedules may be necessary due to equipment failures, weather, and many other factors. The Town will provide additional updated project schedule information as the project moves forward.
