RIVERSIDE – The California Department of Transportation (Caltrans) announces that a recent traffic incident on the northbound 215 just north of El Cerrito has created a significant traffic delay. The number 2 and 3 lanes are blocked at this time and has traffic backed up to the Moreno Valley Interchange of the 60/215.

Motorists are asked to take an alternate route for the afternoon commute to assist in reducing additional traffic in this area. The lanes are expected to take at least 2 hours to clear.

For additional information, please contact the District 8 Public Affairs Office at (909) 383-4631
