

I-10/TIPPECANOE INTERCHANGE IMPROVEMENT PROJECT: PHASE II

OVERVIEW

San Bernardino Associated Governments (SANBAG), and its partner agencies, have designed major improvements to the Interstate 10 (I-10) and Tippecanoe Avenue interchange. The project traverses the cities of San Bernardino and Loma Linda. The magnitude and complexity of the project warrants the project to be built in two phases.

The Phase I construction was completed in the fall 2014. Phase II began construction in February 2015. The project was initiated to improve access to key destinations including Loma Linda University Medical Center and local businesses, relieve traffic congestion, reduce impacts to local property owners and residents, and to build a sound project that is fiscally responsible.

Thank you for your patience and support during this improvement project. Please adhere to all posted signage in the construction zone and always remember to...

SLOW FOR THE CONE ZONE.

UPCOMING CLOSURES APRIL 1-3, 2015

- WHAT:** Shoulder work
- WHEN:** **Wednesday, April 1, 2015 through Friday, April 3, 2015**
from 10:00 p.m. to 5:00 a.m.
- WHERE:** Interstate 10 (I-10) Westbound off-ramp

Due to unforeseen issues or inclement weather, these dates and times are subject to change. Motorists and pedestrians should use caution while traveling through work zones near barricades and equipment.
