Interstate 10 **CACTUS CITY ROAD SIDE REST AREA TO CLOSE**

RIVERSIDE COUNTY– The California Department of Transportation will begin a six month construction project at the Cactus City State Roadside Rest Area on Interstate 10, fifteen miles east of Coachella Valley, starting April 8, 2014. The \$787,000 has been awarded to Integrated Water Services, Inc., of Murphys, California.

This project will replace the existing waste water system with an underground, green system septic tank and the construction of a new wetland and leach field. The water will be turned off during construction and the rest area closed as running water is needed to afford a clean, sanitary facility to the public.

The California Department of Transportation reminds everyone that California remains in the midst of a very serious drought. Heavy rain and snow would have to fall throughout California very frequently from now until May to reach average annual rain and snowfall. Even with such precipitation, California would remain in drought conditions due to low supplies from the past two years. Caltrans is cutting its irrigation by fifty percent as directed through the Governor's emergency executive order.

For more information on these and other Caltrans projects, visit our web site at www.caltrans8.info and sign up for [COMMUTER/MEDIA E-MAIL ALERTS](#). View traffic conditions at <http://quickmap.dot.ca.gov> or you can view planned lane closures at www.lcswebreports.dot.ca.gov.
