CONTACT Dennis Green, (909) 800-0451

WEBSITE [www.i10cvcprojects.com](http://www.i10cvcprojects.com)

WHO Riverside County Transportation Department

WHAT The contractor will perform pile driving operations in the I-10 median at the Jefferson Street Interchange.

WHERE I-10 at Jefferson Street Interchange in Indio, CA

WHEN Beginning Tuesday, April 21, 2015, pile driving operations will occur from 7:00 a.m. to 3:30 p.m., Monday through Friday.

Pile driving operations will continue in various locations throughout the construction area through early July 2015.

WHY Pile driving is necessary in order to build the support system for the new bridge.

Noise impacts to residents are expected to be minimal due to the distance of residential areas from the construction zone.

DETOUR No detour is necessary.
