15SB to 210EB/WB Connectors Closed for Weekend Paving

Rancho Cucamonga/Fontana – Weekend closures from Interstate 15 southbound to Interstate 210 east/westbound connectors will take place on the 9-mile pavement rehabilitation project on Interstate 15 (I-15) from the 7th Street undercrossing in the City of Rancho Cucamonga to the Sierra Avenue undercrossing (UC) in the City of Fontana. The project was awarded to Griffith/Coffman Joint Venture, Inc. for approximately \$83 million on February 16, 2012. The work includes rehabilitation of the No. 3 and No. 4 lanes in both directions, rehabilitation of the outside shoulder and widening of the inside shoulder. The work is expected to improve ride quality, extend pavement life, improve facility operation, and safety.

The weekend connector closures will begin Friday night (late) and continue until Monday morning (early). Please use Foothill Blvd as a detour and expect delays while traveling through the construction zone. **The bypass lane has moved to the southbound side. The bypass lane begins near Summit Ave and continues to just past 4th Street. The bypass lane is continuous with no exits once motorists enter. The next exit after the bypass lane ends will be the I-10 connectors.**

For information on closures follow our Twitter or Facebook page at www.twitter.com/caltrans8 or www.facebook.com/caltrans8.

DATE/TIME	Location	LANES	DETOUR
Friday 5/3, 11:00pm to Monday 5/6, 6:00am	15SB to 210EB/WB	Connector closure	Exit Foothill blvd, back on 15NB

The project is expected to last through late 2013. Please follow all advisory signs. The **55 MPH** speed limit implemented throughout the limits of the project will be strictly enforced. Caltrans asks that motorists **SLOW FOR THE CONE ZONE**.
