

Westbound 91 Main Street Off-Ramp to Close Friday, May 15, 2015 at 9 p.m. for About 10 Months

The 91 Project will require the full closure of the **westbound 91 Main Street off-ramp in Corona**, starting on May 15 at 9 p.m. and continuing for about 10 months. Signage for this closure has been in place at this ramp for the past two weeks and signage on westbound 91 and the 15 will be added. Please use the westbound 91 Lincoln Avenue off-ramp as the detour; alternate routes will be McKinley Avenue at the 91 and Hidden Valley Parkway at Interstate 15 (See detour map below). The ramp closure will allow crews to safely rebuild the ramp, construct retaining walls and widen the 91 roadway.

Please allow extra time, especially to catch morning Metrolink trains or to keep appointments at the Corona Regional Medical Center, travel during off-peak hours, pay attention to changing conditions, know detour routes, watch for crews and equipment, and use public transit, if feasible.

We thank you for your patience and understanding. For questions, please call the helpline at (877) 770-9191 or visit the website at www.sr91project.info.

NOTE: Information contained in this Notice is subject to change based on weather, field conditions or other operational factors.
