## **The “91 Ramp Jam”** **91 HOV Project 30-Day Full Ramp Closures**

**RIVERSIDE** – Caltrans, the Riverside County Transportation Commission (RCTC), and SEMA Construction are progressing on the six-mile, \$232 million State Route 91 (SR 91) high-occupancy-vehicle (HOV) lane project through downtown Riverside.

Construction to complete the new westbound 14<sup>th</sup> Street off-ramp and relocate the westbound 9<sup>th</sup> Street on-ramp to 10<sup>th</sup> Street will require full closures of both ramps for 30 days beginning Monday, June 2, at 5:00 a.m. Caltrans expects the ramps to re-open by 5:00 a.m. on Wednesday, July 2. These full closures will allow crews to complete this intricate work at an accelerated pace – or in other words, “**jam**”, in a safe environment with minimal effects to motorists.

Detours will be available, however, Caltrans recommends that you plan ahead, add time to your commute, and reroute to avoid the closures. And please remember, the speed limit is 55 miles per hour in the 91 HOV Project construction zone. Go to [www.91HOVProject.com](http://www.91HOVProject.com) for updated information, pictures, detour routes, and more.

For more information on these and other Caltrans projects, visit our web site at [www.caltrans8.info](http://www.caltrans8.info) and sign up for [COMMUTER/MEDIA E-MAIL ALERTS](#). View traffic conditions at <http://quickmap.dot.ca.gov> or you can view planned lane closures at [www.lcswebreports.dot.ca.gov](http://www.lcswebreports.dot.ca.gov).
