## FOR IMMEDIATE RELEASE

### NEW RAMP METERS INSTALLED ON INTERSTATE 10 AND CHERRY AVENUE IN FONTANA

**SAN BERNARDINO** – Three new ramp meter locations in Fontana on Cherry Avenue and Interstate 10 (I-10) have been completed and are ready to be powered on. These meters will help ease the transition on and off the mainline. They are located on both the east and westbound sides of I-10.

Beginning on Monday, June 8, the meters will be set to solid green for a two week duration giving motorists an opportunity to become accustomed to the new traffic control. After the two weeks, the meters will be set to full operation. Caltrans asks motorists to be alert to these changes and look out for distracted drivers who may be unaware of these changes.

For more information on these and other Caltrans projects, please visit our website and sign up for COMMUTER/MEDIA E-MAIL ALERTS. View traffic conditions at <http://quickmap.dot.ca.gov> or view planned lane closures at [www.lcswebreports.dot.ca.gov](http://www.lcswebreports.dot.ca.gov).
