June 13-17 Monday-Friday 9pm-6am	Intermittent lane reductions on <ul style="list-style-type: none"> Newport Road between Haun Road and Antelope Road
June 17-18 Friday-Saturday 9pm-7am	

Project Schedule

NOTE: Information contained in this Construction Alert is subject to change without notice, based on inclement weather, field conditions or other operational factors.

Pile Driving Operations

Pile driving to widen the Newport Road bridge will continue for approximately three more weeks. **Pile driving operations are scheduled on weekdays, Monday-Friday, 7am-6pm, near Newport Road under the I-215.** The work is part of the I-215/Newport Road Interchange Project and is necessary to construct the foundation for the widened bridge.

You may notice increased noise and vibration during this operation, particularly if you live or work near the construction area. **Noise and vibration levels will be measured and closely monitored.**

Please plan ahead in anticipation of the temporary increased traffic in this area. If possible, please avoid the project corridor and use an alternate route. Motorists and pedestrians should slow down and use caution when traveling through work zones, near barricades and equipment.
