**FOR IMMEDIATE RELEASE**

## **State Route 60 EMERGENCY SLAB REPLACEMENT PROJECT BEGINS**

**Riverside County-** Two emergency slab replacements projects estimated at \$490 thousand have been awarded to Blanco Construction by Caltrans District 8. Approximately 80 slabs of the highway surface will be replaced between Rubidoux Boulevard and the 60/91/215 Interchange. These slabs need to be replaced due to the age of the infrastructure in this location, increased truck volume and storm damage sustained during the past winter months.

The four week, nighttime project begins June 20<sup>th</sup>. Work hours are 10 p.m. to 5 a.m., Monday through Friday with possible weekend work. Crews will work on the westbound side first with operations moving to the eastbound side upon completion. Lane closures will occur during construction and the public is advised to anticipate minor delays. Merge early and SLOW DOWN as crews will be on foot in the project limits!

Contact Caltrans, District 8 at 866-383-4631 if you have questions. Sign up through [caltrans8.info](http://caltrans8.info), News and Documents Center, to receive immediate traffic updates.

Please Slow for the Cone Zone.
