Caltrans Bridge Maintenance crews will close lanes and connectors today, June 27, on eastbound State Route 91 (SR 91) at I-15 in Corona for emergency bridge joint seal repair. The repairs being completed today are temporary to restore the joint seal and more permanent repairs will be made later in the year.

- Eastbound 91 at Main Street – on ramp closed.

The work will begin at approximately 11:00 a.m. today and is expected to be complete by 6:00 p.m. this evening. Be advised that these hours may change according to work.

Motorists are advised to plan ahead if possible, and use alternate routes to avoid heavy delays.
