Date/Time	Location/Details
June 27-July 1 Monday-Friday 8pm-5am	<ul style="list-style-type: none"> Intermittent freeway lane closures on southbound I-215 between Scott Road and McCall Boulevard Intermittent ramp closures on southbound I-215 on- and off-ramps
June 27-July 1 Monday-Friday 10pm-6am	<ul style="list-style-type: none"> Intermittent freeway lane closures on northbound I-215 between Scott Road and McCall Boulevard Intermittent ramp closures on northbound I-215 on- and off-ramps
June 27-July 1 Monday-Friday 9pm-6am	<ul style="list-style-type: none"> Intermittent lane reductions on Newport Road between Haun Road and Antelope Road

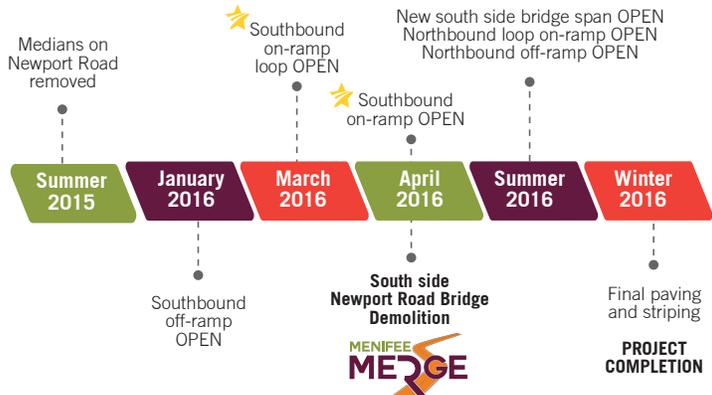

Pile Driving Operations

Pile driving to widen the Newport Road bridge will continue for approximately two more weeks. **Pile driving operations are scheduled on weekdays, Monday-Friday, 7am-6pm, near Newport Road under the I-215.** The work is part of the I-215/Newport Road Interchange Project and is necessary to construct the foundation for the widened bridge.

You may notice increased noise and vibration during this operation, particularly if you live or work near the construction area. **Noise and vibration levels will be measured and closely monitored.**

Please plan ahead in anticipation of the temporary increased traffic in this area. If possible, please avoid the project corridor and use an alternate route. Motorists and pedestrians should slow down and use caution when traveling through work zones, near barricades and equipment.

Project Schedule

NOTE: Information contained in this Construction Alert is subject to change without notice, based on inclement weather, field conditions or other operational factors.
