State Route 79 Update

San Bernardino – Caltrans continues a \$1.8 million paving project on State Route 79 in Riverside County. The six week project was awarded to Angus Asphalt out of Santee, California. The project will cold plane and resurface two sections of State Route 79 (SR-79).

The contractor will complete operations closer to Winchester and is moving operations to SR- 79S on Wednesday, July 18th. Work will begin on the southbound side from approximately State Route 371 to the county line where the crews will turn and return north.

This is a daytime project with crews working Monday through Friday, 6 a.m. to 6 p.m. **One way traffic control will be in effect.** Plan accordingly and add time to your commute. Estimated completion of the project is late July.

Thank you for your patience as Caltrans works to improve your drive.
