Eastbound SR-210 to Southbound I-215 Connector Is Now OPEN

Caltrans and MCM Construction opened the eastbound SR-210 to the southbound I-215 connector Monday morning July 23rd, eight months ahead of schedule. MCM Construction and Caltrans have worked diligently to get this connector open as they recognized the importance to motorists.

The southbound 27th St./Mt. Vernon on-ramp opened this morning as well. Both the connector and the on-ramp opening will help relieve traffic on city streets and will allow motorists direct access to SR-210 and I-215 in all directions.

Caltrans and SANBAG would like to thank motorists for their continued patience and support during this improvement project and ask that motorists be aware of the construction area and always make a point to...

SLOW FOR THE CONE ZONE.
