**DEVORE, Calif.** – As part of the Devore Interchange Project, crews will conduct activities throughout the corridor during non-peak, nighttime hours whenever possible. This work will necessitate full freeway, connector, ramp and alternating lane closures for the safety of the public and workers. In addition, a two-month closure (daytime and nighttime) will begin on August 22, 2014 for the SB I-15 Kenwood Ave. on-ramp.

Following are details of construction activities that will begin on Monday night, August 18 and end on Saturday morning, August 23, 2014. Most closure restrictions will be lifted each day so motorists can travel at peak daytime traffic times. Noise can be expected with these activities. Please note that information contained in this commuter alert is subject to change without notice based on weather, field conditions or other operational factors.
