## **STATE ROUTE 91 CLOSES AT TWO INTERCHANGES IN RIVERSIDE COUNTY**

**RIVERSIDE-** Caltrans, in cooperation with the City of Riverside, is advising motorists to choose alternate routes and avoid the SR-91 this coming Friday and Saturday nights, September 12<sup>th</sup> and 13<sup>th</sup>.

The City of Riverside is conducting full directional closures on SR-91 at the La Sierra Avenue Interchange Project and Caltrans is conducting full directional closures of SR-91 at the Green River Road Interchange Project. The City and Caltrans coordinated the closures to occur the same weekend to limit the impact on traffic. The City of Riverside continues improvements to the La Sierra Avenue Interchange; however, this is the last full directional freeway closure for the Green River Road Interchange Project.

Drivers are advised to use SR-60 and I-10 as alternate east / west routes between Southern California Counties. Southern County drivers may use SR-74 (Ortega Highway) between Riverside and Orange Counties. Visit [Caltrans8.info](http://Caltrans8.info) and click on "News and Documents" for more information on these two projects. A detour map of Southern California highways is available by visiting the web site and following this path: [Caltrans8.info](http://Caltrans8.info)> Projects> Green River Road> Detour Maps> Map number 7.

Caltrans would like to thank motorists for their continued patience and support. Caltrans asks that motorist be aware of the construction area and always make a point to **SLOW FOR THE CONE ZONE**. The life you save may be your own!
