Phone: (909) 383-4631
(909) 383-6799 (direct)

WIDE LOAD ON INTERSTATE 15 FROM STATE LINE TO BORON

San Bernardino County – Caltrans has approved a transportation permit to move three wide loads, which will require freeway lane restrictions on southbound Interstate 15 (I-15) beginning at the California/Nevada state line southbound and continuing westbound on State Route 58 (SR-58). The permit loads weigh approximately 200,000 pounds each, 200 feet long and 26'-8" wide. They will be escorted by the California Highway Patrol and will travel from the California/Nevada state line with their final destination in Boron.

The schedule is as follows:

- **Monday evening (September 15):** Interstate 15 southbound and State Route 58 will have reduced lanes from the California/Nevada state line starting at 6:00 p.m. The wide loads will travel southbound until they reach Barstow. They will exit I-15 and continue westbound on SR-58 until their final destination in Boron.

Caltrans has been working closely with the permittee and California Highway Patrol (CHP) to insure minimal impacts to motorists.

Motorists are advised to adjust their travel times on these routes to avoid any inconvenience. Please use caution if you encounter the permit load and pay attention to all commands given by CHP and Caltrans employees.
