Newport Road Northbound I-215 Loop On-Ramp Opens to Public

The northbound I-215 loop on-ramp at Newport Road is now open to the public. The new configuration will significantly improve access to the freeway and reduce traffic congestion on the bridge. The new on-ramp will allow eastbound motorists to turn right and loop around to get onto northbound I-215, eliminating the left-turn movement on the bridge.

Please plan ahead in anticipation of the temporary increased traffic in this area. If possible, please avoid the project corridor and use an alternate route. Motorists and pedestrians should slow down and use caution when traveling through work zones, near barricades and equipment.
