

11-194

October 17, 2011

Sema Construction will be performing closures on I-10 at Date Palm Drive between Monday, October 17th and Thursday, October 20th. The purpose of the lane closures is to allow for the demolition of the existing Date Palm Bridge overhang. During the full freeway closures, scheduled for Wednesday, October 19th and Thursday, October 20th, traffic will be directed off the freeway and back on via the ramps at Date Palm Drive.

We thank you in advance for your patience while this necessary work is performed.

Please see below for the closure schedule.

UPDATE: Closure schedule has been updated to include additional lane closures on Wednesday, October 19th.
