BLASTING WILL HALT TRAFFIC FOR A BRIEF TIME

Riverside - The California Department of Transportation (Caltrans) will conduct blasting that is in direct relation to the ongoing 60/91/215 project. On Thursday, November 2, 2006 the California Highway Patrol will enforce a brief full closure of both the northbound and the southbound I-215 at approximately 2:30 p.m. from University Avenue to El Cerritos Drive. The closure will last for approximately 10 minutes.

Due to the length of the closure, no detours are suggested. However, motorists may want to avoid the area or allow for additional travel time.

Caltrans would like to thank motorists for their continued patience and support. Please remember, be alert while driving through a construction site and always make a point to ***SLOW FOR THE CONE ZONE.***
