15-238

Date: Thursday, October 22, 2015

District: 8 – Riverside/San Bernardino

Contact: Philip Havins

Phone: (909) 383-4631

FOR IMMEDIATE RELEASE

BE WORK ZONE ALERT!

SUPERPAVE PROJECT ON INTERSTATE 15 BETWEEN HESPERIA AND BARSTOW

SAN BERNARDINO – Caltrans, District 8 continues paving Interstate 15 (I-15) in various locations from .8 miles south of Ranchero Road to State Route 58 (SR-58) between Hesperia and Barstow. The \$4.9 million project has been awarded to Sully Miller and will provide a pavement overlay in both directions of I-15 and fog seal the shoulders. The work hours will vary between night and day with lane closures and are dependent on projected traffic volumes and weather conditions. Currently there are two locations of work – one in Hesperia/Victorville and the other in Barstow.

The material used for the overlay is called “Superpave”, which is known for its durable and long-lasting qualities. During the work, lane closures will be essential to protect workers, to ensure that traffic does not travel over the material while it cools, which will ensure the best possible product.

In addition to the lane closures, temporary ramp closures will be necessary to complete paving, striping, and shoulder work. Following is an updated schedule for Thursday night through Friday morning:

DATE	LOCATION/LANES	HOURS
Thursday, 10/23	<p>Southbound I-15 At WB SR-58 connector through H Street</p> <p>And</p> <p>Southbound I-15 On ramp at L Street</p>	<p>8:00 p.m. to 10:00 a.m. Night & Day time work BARSTOW</p>

The project is expected to be complete in early 2016, weather permitting. Information will be released as it is obtained regarding the schedule of closures. Caltrans asks motorists to plan ahead, check traffic conditions and add extra trip time.

Check traffic conditions on the Caltrans Quickmap <http://www.dot.ca.gov/dist8/>. Follow us on Twitter @caltrans8 or go to www.caltrans8.info and sign up for commuter alerts.
