CONCRETE BARRIER SEPARATION PROJECT ON INTERSTATE 10 IN PALM DESERT UPDATE

SAN BERNARDINO – Work has started on a five-mile project on westbound Interstate 10 (I-10) in the city of Palm Desert between Monterey Avenue and the Washington Street overcrossing. This \$4.9 million project, awarded to Chumo Construction of Baldwin Park, will replace chain link and barbed wire fencing with outer-separation concrete barriers and chain link fence with headlight screens. These barriers will help prevent vehicles that run off the westbound I-10 to the right side of the road from crossing into the opposing lanes of the frontage road.

This project will require lane and ramp closures in order to provide a safe working area for the construction crew. The following closures are for the week of November 1 – November 2:

Please note time changes from last week

LOCATION		START TIME	END TIME
WB Monterey Avenue off-ramp	Full ramp closure	8:00 p.m.	7:00 a.m.
WB Cook Street on-ramp	Full ramp closure	8:00 p.m.	7:00 a.m.
WB mainline I-10 between Monterey Avenue and Cook Street	Full closure of #3 lane	8:00 p.m.	7:00 a.m.

For more information on these and other Caltrans projects, visit our web site at www.caltrans8.info and sign up for [COMMUTER/MEDIA E-MAIL ALERTS](#). View traffic conditions at <http://quickmap.dot.ca.gov> or you can view planned lane closures at www.lcswebreports.dot.ca.gov.
