

STATE ROUTE 210 BASE LINE INTERCHANGE PROJECT STATE ROUTE 210 MIXED FLOW LANE ADDITION PROJECT

Advisory

Release Date: October 28, 2016

Project Information: http://www.sanbag.ca.gov/projects/interchange_210baseline.html

Nighttime Geotechnical Studies Work Advisory

As part of the State Route 210 Baseline Interchange Project and State Route 210 Mixed Flow Lane Addition Project in Highland, the San Bernardino Associated Governments will be conducting nighttime field geotechnical studies near and around the project limits. The geotechnical studies are required in order to determine appropriate structure elements associated with the possible construction of retaining walls, sound walls and other infrastructure.

Work associated with these nighttime field geotechnical activities may produce noise and vibration. The nighttime schedule is as follows:

Date	Location
Fri., Oct. 28, 2016,	Highland Ave./SR-210
Mon., Oct. 31, 2016	Westbound Base Line Avenue
Mon., Oct. 31, 2016	Highland/Sterling/Del Rosa
Mon., Oct. 31, 2016	Westbound SR-210 shoulder, City Creek to Base Line
Tues., Nov 1, 2016	Eastbound SR-210 outside shoulder – Base Line to City Creek
Tues., Nov. 1, 2016	Eastbound SR-210 outside shoulder – Santa Ana River/Pioneer Avenue/San Bernardino Avenue
*Wed., Nov. 2, 2016	Eastbound SR-210 Base Line on-ramp
*Wed., Nov. 2, 2016	SR-201 median near SR-330
*Tentative	

For questions, please contact Tim Watkins, Chief of Legislative and Public Affairs, San Bernardino Associated Governments, at 909-884-8276 or twatkins@sanbag.ca.gov.

NOTE: Information contained in this notice is subject to change without notice, based on weather, field conditions or other operational factors.

Motorists are reminded to... **SLOW FOR THE CONE ZONE** and **MOVE OVER** a lane when it is safe to do so.
