## **SR-18 BIG BEAR BRIDGE PROJECT**

As the result of a blasting excavation operation for the Big Bear Bridge project, SR-18 is closed. An unanticipated volume of rock fall occurred today during construction activities.

The route will remain closed for an undetermined amount of time while clean-up and safety evaluations are taking place. Motorists are encouraged to use State Route 38 as an alternative.

Updates will provided as they are available. Please go to [www.caltrans8.info](http://www.caltrans8.info) for roadwork updates and sign up for “CT Connect” to receive automatic alerts.
