

# I-215 / NEWPORT ROAD INTERCHANGE PROJECT

## Construction Alert

### Lane Reductions on Interstate 215 (I-215) at Newport Road

Motorists driving on northbound and southbound I-215 will experience reconfigured traffic lanes at Newport Road. Lanes will be reduced from three lanes down to two lanes under the bridge beginning on **November 13, 2015** and continuing for approximately three months.

#### Lane Closures for Re-striping

Lane closures in both directions of the I-215 are scheduled from **10pm on Thursday, November 12, 2015 through 6am on Friday, November 13, 2015**. To ensure the safety of the crews while placing safety barriers and re-striping the lanes, these lane closures are necessary.

In this new configuration, the northbound and southbound on-ramps at Newport Road will have a dedicated lane merging onto the interstate for better traffic flow. In addition, the northbound and southbound off-ramps at Newport Road will have a dedicated lane to exit the freeway.

Motorists should expect delays and allow for extra travel time while traversing through this area. Drivers are urged to slow down while traveling through the construction zone, pay close attention to posted signage, obey the posted speed limit and be on the alert for construction equipment and crew members working in the construction zone.

#### Project Schedule

Please plan ahead in anticipation of the temporary increased traffic in this area. If possible, please avoid the project corridor and use an alternate route. Motorists and pedestrians should slow down and use caution when traveling through work zones, near barricades and equipment.

*NOTE: Information contained in this Construction Alert is subject to change without notice, based on inclement weather, field conditions or other operational factors.*
