

I-215 / NEWPORT ROAD INTERCHANGE PROJECT

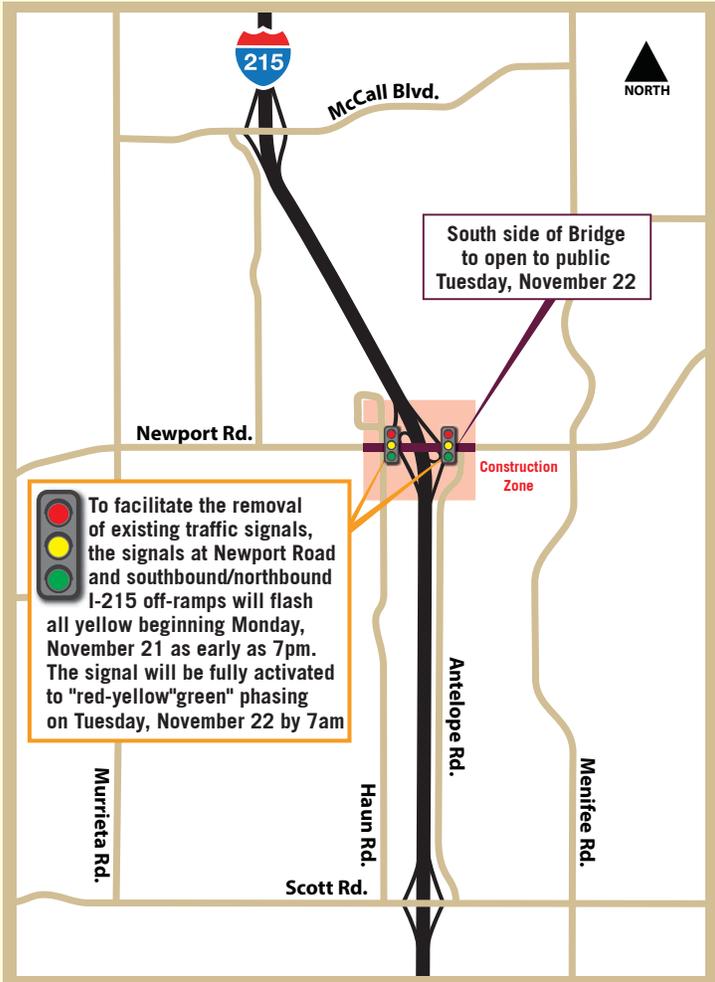

Construction Alert

Construction Activity, November 14-19, 2016

Intermittent closures for ramp and bridge construction at Newport Road

Date/Time	Location/Details
November 14-18 Monday-Friday 10pm-5am	Intermittent freeway lane closures on southbound I-215 between Scott Road and McCall Boulevard
November 18-19 Friday-Saturday 9pm-7am	Intermittent ramp closures on southbound I-215 on- and off-ramps
November 14-18 Monday-Friday 10pm-6am	Intermittent freeway lane closures on northbound I-215 between Scott Road and McCall Boulevard
November 18-19 Friday-Saturday 11pm-7am	Intermittent ramp closures on northbound I-215 on- and off-ramps
November 14-19 Monday-Saturday 9pm-6am	Intermittent lane reductions on Newport Road between Haun Road and Antelope Road

Newport Road Bridge Nears Completion

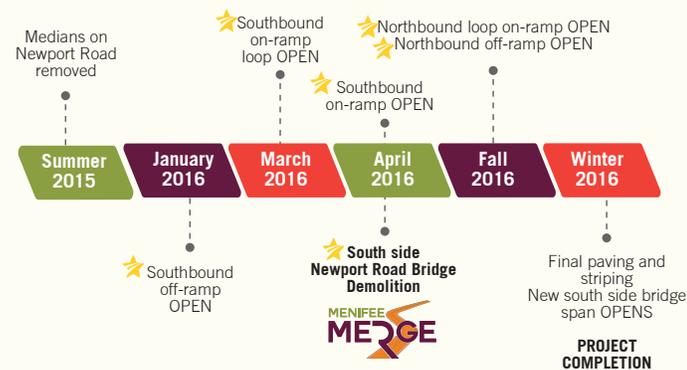

The south side of the bridge will open to traffic on **Tuesday, November 22, 2016**, weather permitting. In this stage, there will be two through lanes for traffic in each direction, and a dedicated lane for both the I-215 northbound and southbound loop on-ramps.

Work has been steadily progressing toward the closure pour that will join the north and south decks of the new bridge. Scheduled for the beginning of December, this will mark the last major task that will be completed on the bridge. For the safety of the crews and the traveling public, full ramp and lane closures are scheduled within the next few weeks to facilitate the closure pour and final paving operations.

In the final configuration, there will be three dedicated through lanes across the Newport Road bridge and a dedicated lane for both I-215 northbound and southbound on-ramps.

Please plan ahead in anticipation of the temporary increased traffic in this area. If possible, please avoid the project corridor and use an alternate route. Motorists and pedestrians should slow down and use caution when traveling through work zones, near barricades and equipment.

Project Schedule

NOTE: Information contained in this Construction Alert is subject to change without notice, based on inclement weather, field conditions or other operational factors.
