Caltrans plans to complete the project by the end of December. However, because the work is sensitive to temperature changes and wet weather, this schedule may change. If the temperature drops too low, the above work may be cancelled. We will keep you updated on lane closures for the duration of the roadwork.

For your convenience, you may sign up for automatic commuter alerts by visiting our website at [www.caltrans8.info](http://www.caltrans8.info) and going to “CT Connect” or the News and Document Center.

Caltrans asks that motorists please be aware of the construction area and always make a point to **SLOW FOR THE CONE ZONE.**
