Phone: (909) 383-4631

FOR IMMEDIATE RELEASE

CALTRANS TO INSTALL SIGNAL ON STATE ROUTE 18 AT SHEEP CREEK ROAD

SAN BERNARDINO – The California Department of Transportation (Caltrans) is scheduled to begin work to install a new signal at the intersection of State Route 18 (SR-18) and Sheep Creek Road in San Bernardino County near the community of Phelan and City of Hesperia. The safety improvement project will also install a pedestrian refuge area at that location.

The \$800,000 project was awarded to Highland Construction, Inc. in late September. General utility work began yesterday with no lane closures or impacts to traffic. Work to install the poles and complete pavement work will begin in early December with one way reversible traffic control during working hours; **Monday through Thursday from 8:00 a.m. to 4:00 p.m. and Friday from 5:00 a.m. to 1:00 p.m.** No night or weekend work is expected.

It is anticipated that these lane closures will continue for up to four weeks, weather dependent. The project is expected to be completed in 2017. ***Motorists are advised to plan ahead and add a little extra time to their commute.***
