STATE ROUTE 86S IS NO LONGER A “Supplemental” ROUTE

RIVERSIDE COUNTY- Caltrans has begun to remove the “S” designator from signs along State Route 86S. The “S” indicates a supplemental corridor to an original highway and in this instance no longer applies. The expressway is now officially State Route 86.

Portions of the original highway, which is locally referred to as “old 86”, have been relinquished to the County of Riverside or the City of Coachella and renamed by the local jurisdiction.

A Caltrans crew is in the area replacing the highway signs. Please slow down as you pass by the crew!
