DISTRICT BRIDGE REHABILITATION PROJECT

SAN BERNARDINO—The California Department of Transportation (Caltrans) will continue work next week to rehabilitate several bridges, at various locations, spread across six different state routes (Interstates 15 and 215 and State Routes 60, 66, 91 and 210). The \$1.2 million project will repair spalls (cracks), repair joint seals and clean the bridges and apply methacrylate to ensure the longevity of the bridges; the project was awarded to Western Structures of Riverside, Calif.

Crews will work during nighttime hours. The project is expected to be finished by mid-January 2014 (weather permitting). The work for next week will take place as follows below:
