

The responses to bidders' inquiries are provided for the bidders' convenience only. In some instances, the question and answer may represent a summary of the matters discussed rather than a word-for-word recitation. The responses may be considered along with all other information furnished to prospective bidders for the purpose of bidding on the project. The availability or use of information provided in the responses to contractors' inquiries is not to be construed in any way as a waiver of the provisions of Section 2-1.03 of the Standard Specifications or any other provision of the contract, the plans, Standard Specifications or Special Provisions, nor to excuse the contractor from full compliance with those contract requirements. Bidders are cautioned that subsequent responses or contract addenda may affect or vary a response previously given. Inquiries along with responses may be posted at the website only when the inquiries are submitted in any of the acceptable manner prescribed under the Notice to the Contractors and when the responses have already been communicated to the individual inquirers. Bidders' inquiries received over the phone must be followed-up and submitted in writing for an official response.

The Bidders' inquiries and Responses may be updated from time to time and bidders are enjoined to check the website regularly and immediately prior to the scheduled bid opening.

1.0	<p>Question_1.0: Paragraph 1.17 states that desert tortoise fence shall be furnished, installed, maintained and removed as directed by the engineer. Cal Trans has not given a quantity to bid and at this point will need the quantity you would like us to bid.</p> <p>Response: This is a temporary Desert Tortoise fence to be placed around water tanks, staging and storage areas, and patch plants that occur in desert tortoise habitat. The full compensation for this work, as stated on page 120 of special provisions under "MEASUREMENT AND PAYMENT", shall be considered as included in the contract prices paid for the various contract items of work involved and no additional compensation will be allowed therefore.</p>
2.0	<p>Question 2.0: There is a bid item for "Temporary Concrete Washout Facility". But there is no any Concrete (PCC) work proposed for this project.</p> <p>Response: Please bid as is.</p>
3.0	<p>Question_3.0: On sheet 2 of 9 of the project plans, the typical cross sections show the limit of work extending beyond the ETW 1.2m to 1.8m variable width while also showing the limit extending to the ES (to the face of the AC Dike). Which measurement will dictate?</p> <p>Interpretation_1: 1.2m to 1.8m</p> <p>Response: The shoulder width as depicted on the plans varies between 1.2 m and 1.8 m. No one measurement will dictate.</p>
