STATEMENT OF COMPLIANCE

CEM-2503 (REV 8/96) INSTRUCTIONS

This statement of compliance meets needs of the state and federal payroll requirements to pay fringe benefits in addition to payment of the minimum rates. The contractor's obligation to pay fringe benefits may be met by payment of the fringes to the various preapproved plans, funds, or programs or by making these payments directly to the employees as part of their weekly wage payments.

The contractor must **show on the face of his or her payroll all monies paid to the employees** whether as basic rates or total hourly wage amount in lieu of fringes. The contractor shall report in the statement of compliance that **he or she is paying to others** fringes required by the contract and not paid directly to the employees in lieu of fringes.

Detailed instructions follow:

Contractors required to pay Federal Wage Rates:

Such a contractor shall check paragraph 2(a) of the statement to indicate that the wage rates for laborers or mechanics contained in the payroll are not less than the applicable wage rates specified in the applicable wage determination incorporated into the contract.

Contractors required to pay the State Prevailing Wage Rates as determined by the Director of Industrial Relations:

Such a contractor shall check paragraph 2(b) of the statement to indicate that the wage rates for laborers or mechanics contained in the payroll are not less than the applicable wage rates determined by the Director of Industrial Relations for the county or counties in which the work is preformed.

Contractor who pay all required fringe benefits:

Contractor who pays fringe benefits to approved plans, funds, or programs in amounts not less than were determined in the applicable wage decisions shall continue to show on the face of his or her payroll the basic hourly rate and overtime rate paid to his or her employees, just as he or she has always done. Such a contractor shall check paragraph 4(a) of the statement to indicate that he or she is also paying approved plans, funds, or programs within the times required for the receipt of those sums, not less than the amount predetermined as fringe benefits for each craft. Any exception shall be noted in Section 4(c).

Contractors who pay no fringe benefits:

A contractor who does not pay fringe benefits to an approved plan shall pay a like amount to the employee. This payment can be reported by inserting in the straight time hourly rate column of his or her payroll an amount not less than the predetermined rate for each classification plus the amount of fringe benefits determined for each classification in the applicable wage decision. Inasmuch as it is not necessary to pay time and a half on wages paid in lieu of fringes, the overtime rate shall be not less than one and one-half the basic predetermined rate, plus the required cash in lieu of fringes at the straight time rate. To simplify computation of overtime, it is suggested that the straight time basic rate and payment in lieu of fringes be separately stated in the hourly rate column. In addition, the contractor shall check paragraph 4(b) of the statement to indicate that he or she is paying fringe benefits directly to his or her employees. Any exceptions shall be noted in Section 4(c).

Use of Section 4(c), Exceptions:

Any contractor who is making payment to approved plans, funds, or programs in amounts less than the wage determination required is obligated to pay the deficiency directly to the employees as wages in lieu of fringes. Any exceptions to Section 4(a) and 4(b), whichever the contractor may check, shall be entered in Section 4(c). Enter in the Exception column the craft, and enter in the Explanation column the hourly amount paid the employees as wages in lieu of fringes, and the hourly amount paid to plans, funds, or programs as fringes.
