Accounting BULLETIN

BULLETIN #: AB 15 - 03

ISSUE DATE: January 7, 2015
TERM DATES: January 7, 2015 - Until Rescinded

TO: All Caltrans Employees

SUBJECT: California Prompt Payment Act

PURPOSE: To remind the Department of the California Prompt Payment Act, date stamping properly submitted invoices, and disputing invoices.

BACKGROUND: The California Prompt Payment Act (Act) requires state agencies to pay the appropriate late payment penalties if departments fail to pay properly submitted, undisputed invoices within 45 calendar days of receipt of the invoice.

To meet the 45-day timeline, the District/Program, the Division of Accounting, and the State Controller's Office are allocated the following number of days to perform the necessary steps to issue the warrant to the vendor:

- **District/Program:** 15 Calendar Days to review the invoice, complete either the RC Document or Paper Receiver, and submit a properly completed invoice package consisting of the Invoice, RC Document or Paper Receiver, and other supporting documentation to the Division of Accounting.
- **Division of Accounting:** 15 Calendar Days to review the invoice package, record financial information into CGI Advantage, and submit a proper claim schedule to the State Controller's Office for payment.
- **State Controller's Office:** 15 Calendar Days to audit the claim schedule and issue a warrant to the vendor.

If the Department incurs interest penalties, the expenditures will be charged to the organization that did not meet the above timeline.

Date Stamping Invoices

All invoices are required to be date stamped or date of receipt written in ink on the front of the invoice by the district/program receiving the goods or services. This date must identify the first day of the Act's 45-day timeline, the day the Department first received the invoice, and the basis for determining interest penalties.

Invoice Dispute Notification

Districts/Programs having a conflict or dispute with a submitted invoice must immediately notify the vendor of the concern and follow up in writing via an Invoice Dispute Notification (STD.209) within 15 working days of invoice receipt. Invoices received prior to receipt of the goods ordered or services performed should be disputed.

The dispute notification will stop the interest penalty 45-day timeline. Districts and programs should work with the vendor to resolve disputes timely. The 45-day timeline will begin when the Department receives the corrected invoice.

To dispute an invoice, employees are encouraged to create an Invoice Dispute Notification (IDN) document in CGI Advantage as indicated in Accounting Bulletin 14-07 or manually complete IDN Form STD.209 accessible through the Caltrans Electronic Form System.
