**FOR IMMEDIATE RELEASE**

## **Bridge Project on State Route 38**

**San Bernardino County** – Caltrans will begin a bridge-widening project on State Route 38 (SR-38) on the Mill Creek Bridge near Yucaipa on Monday, September 18. Mill Creek Bridge is located east of Bryant Street. The project will produce a wider bridge, which will accommodate larger eight-foot shoulders, along with newly paved lanes, one in each direction.

The work will take place Monday through Friday from 6:30 a.m. to 3:00 p.m. with no weekend or night work. One of two lanes will remain open with flagging. Minor delays of up to fifteen minutes are expected. The project will be complete in late March 2007.

For updates on other state highway work in Riverside and San Bernardino counties, please go to our new website address at [www.caltrans8.info](http://www.caltrans8.info) and click on "Press Releases" or call (866) 383-4631.
